TIDI PRODUCTS

The Name You Can Trust For Hygienic Performance and Product Innovation.

TIDI Products is a leading global manufacturer of single-use medical, dental, film and food-service products.

For more than 50 years, our company has served the needs of medical and dental providers around the world by developing products known for superior hygienic performance.

In addition to capes, we produce an extensive array of disposable products that include examination-table paper, gowns, drape sheets, patient towels, dental bibs and cotton products. We also manufacture specialty sheaths for medical and dental equipment used for patient diagnosis and education.

With quality as our hallmark, we are proud to maintain the following prestigious certifications – ISO 9001: 2000; EN/ISO 13485: 2003; European CE Mark; and FDA registration and regulation.
