TIDI® Products’ TIDIShield® eyewear has been at the forefront of innovation for single-use, disposable eyewear in a healthcare setting for more than 25 years.
The TIDIShield eye protection portfolio’s mission is to protect caregivers at point-of-care by reducing the risk of eye splashes that have been documented to cause eye infections.¹

- **HIV, Hepatitis C, Hepatitis B** are all transmitted via conjunctiva¹
- **5X more compliance** when eyewear is available vs. when it is not⁴
- **$13,910³** the potential cost per eye splash
- **5X as many eye splashes** are experienced by nurses in patient rooms than in operating rooms.²
- **Eye splashes are the #1 cause** of non-sharp blood and body fluid exposure²
Our vision is to protect yours.

**TIDIShield® Grab ‘n Go™**
A gravity-fed dispenser to house pre-assembled eyewear at the point-of-care
(Patent Pending)

- Facilitates compliance with 25 pre-assembled sets of disposable eyewear
- Provides the convenience of an easily mountable acrylic holder for point-of-care accessibility
- Offers lightweight and colorful frames with optical-grade lenses for clarity

**TIDIShield® Flip ‘n Go™**
A unique proprietary system, designed for easy assembly with one flip
(Patent US8214921 B2)

- Features quick-assemble eye shields, including proprietary flip technology, in quantities of 25
- Stores easily with individually bagged shields that fold flat

**TIDIShield® Assemble ‘n Go™**
The first lightweight, flexible eye shield with easy-to-use interchangeable lenses
(Patent US5297298 A)

- Provides lightweight and colorful frames with optical-grade lenses for clarity

For pre-assembled options see TIDIShield Grab ‘n Go
